Professional Experience

Team Lead, Product Design — B2C

Spain, Remote

Lamoda — a leading fashion e-commerce platform in Russia & CIS,
part of Global Fashion Group (2014–2022)

2021–2026

- Owned product design strategy and execution across high-impact customer journeys, driving product direction from concept to launch
- Led the Checkout design stream, reducing checkout from 10 steps to 1 and increasing conversion to order by ~4.3% among new users, while also driving growth in pickup orders among existing users
- Led the design strategy for a new loyalty program, delivering a 3% increase in NMV across 35% of the user base
- Led the product design of an AI-powered Virtual Try-On, scaling the experience to 1M+ monthly users, 400K SKUs (85% of the catalog), and driving a 40% increase in engagement
- Built a design system from scratch for B2C and B2B products and drove its implementation across iOS, Android, and Web, accelerating design and development workflows and time-to-market
- Led hiring and onboarding of designers, established team processes, and created individual growth plans to support career development, mentored and led a team of 5 designers

Senior Product Designer — B2C

Moscow, Hybrid

Lamoda — a leading fashion e-commerce platform in Russia & CIS,
part of Global Fashion Group (2014–2022)

2017–2021

- Led the design of a major Premium experience, including a new section, product page, and catalog, increasing premium product contribution to NMV by ~3%
- Designed and launched the “Get the Look” inspiration experience, becoming a key source of fashion inspiration for users
- Led the end-to-end redesign of the app and website following a major rebrand, transforming the visual language across color, typography, spacing, and imagery
